Foundation FOCUS

Mission Statement

The Bearden High School Foundation exists to assist students and staff in making Bearden High School a place of academic, athletic and artistic excellence.

Revised February 2007

Bearden High School FOUNDATION

President's Message..

By: Buddy Heins
BHS Foundation President 2008-2009
Bearden High School Class of 1978

As Bearden High School enters its 71st year, we have a lot to be proud of. Our school is one of academic excellence. Approximately 90% of our graduates each year attend colleges and universities. Over half of our seniors achieve a grade point average of 3.0 or better. Our athletic teams are achieving unprecedented success on the playing fields. Many of our clubs and student organizations are participating at a high level in activities across the state.

The successes achieved by our students can, in many cases, be attributed to the support offered at Bearden by parents and support organizations like the Bearden High School Foundation.

As our mission statement above indicates, the foundation exists to assist students and staff. It is our goal to help each and every student have a positive learning experience at Bearden. Over the past 10 years, we have made grants totaling approximately $250,000 to the school, school organizations, athletic teams and students. We have bought microscopes, computers, digital cameras, DVD/VCR players, high definition speakers for the band room, helped purchase lights for the soccer field, helped purchase a floor for the award-winning dance team, supported teacher training, bought Active Boards for classrooms, awarded scholarships to outstanding students and the list goes on.

While our contributions have been significant, we must do more. If you have any doubt about the need for a quality education for all of our community's high school students, please visit YouTube.com and watch the video titled "Did You Know 2.0." It's quite enlightening.

While our contributions have been significant, we can only partially meet the needs of the many requests we receive each year from teachers, coaches and student organizations.

As much as we have done, we can and need to do more. Bearden is one of the largest high schools in the region and for us to continue to make a difference we need your help. Every year, we organize fundraising efforts to support grants such as those mentioned above. I call on you to consider a gift to the Bearden High School Foundation. There is an envelope included with this newsletter that you can use for your tax deductible donation.

It is our philosophy to try to help as many students as we can with the resources we have. With your help, we can continue to make contributions that will positively impact students at Bearden High School for years to come.

APPROVED GRANTS & FUNDING
as of June 21, 2008

Anatomy / Physiology Lab Manuals
Band Room Speakers
Boys and Girls State
Brain Traps DVD
CDC - Amano Atomic Time Clock
Field House Clothes Dryer
History Department VCR/DVD
HOBY
Leadership Class Transportation / Supplies
National Art Educational Conference
Project Graduation
Science Department Molecular Models
Active Boards
Soccer Field Project
Special Ed Printers and Cartridges
Student Handbooks
Swim Dive Software Upgrade

IMPORTANT DATES TO REMEMBER

Fall Open House – Sept. 4
Fall Break – Oct. 20-24
Phone-a-thon – Oct. 27 & 28
Gateway Tests – Dec. 2-4
End of Semester – Dec. 19
Winter/Student Holidays – Dec. 22 – Jan. 5
Students First Day of School after Holidays – Jan. 6
Winter Open House – Jan. 22
Spring Break – Mar. 16 – 20
Gateways – May 5-7
Last Day of School – May 22

Foundation Board Update

The Bearden High School Foundation is a volunteer organization. Many individuals volunteer their time, their energy and their resources to make the Foundation an important part of Bearden High School. We would like to thank Marilyn Wohl, Anderson Little, and Debbie Nichols for their service to the Foundation as they rotate off the board.

Please join us in welcoming our new members. Joining the Foundation Board for three year terms are John Campbell, Trish Chaloux, Robin Gold, Kimberly Lauth, Larry Tragesser and Rick Zivi. Welcome!!!

Sixth Annual BULLDOG CLASSIC

The Dog's Tail (last place)
Sean Brewer, Daniel Messing,
Michael Harvey, Jerry Short

The sixth annual Bulldog Classic Golf Tournament was held on Friday, May 9 at Willow Creek Golf Club. The annual golf tournament is the spring fundraiser for the Foundation and has raised approximately $60,000 for Foundation grants over a six year period.

The winning team was sponsored by Jeff LaRue, a 1984 Bearden graduate who was on the winning team. The Dog's Tale (last place team) was the Anderson News team of Sean Brewer, Daniel Messing, Michael Harvey and Jerry Short.

Board members helped make this a great event. Marilyn Wohl provided the goodie bags, Margaret Heins-Laning rounded up most of the door prizes, Michelle Decker, Marguerite Graham, Shelley White and Julie Maier handled registration. Shanda Nicely handled the signs.

BEARDEN MEMORIAL RE-DEDICATED

Cherry Mixon is presented with a flag from the U.S. Capitol by Bearden Navy JROTC cadet petty officer first class Jessica Guerrero during a memorial service at the school on May 16th. Mixon's son, 2nd Lt. William Hunter Mixon Jr., was a Bearden graduate killed in a test flight while serving in the Army. (Photo used with permission of West Side Shopper-News)

On Friday May 16, Bearden High School rededicated a Fallen Military Hero Memorial at the front of the school.

Three B.H.S. graduates had their names added to the memorial. Honored were GMG2(SEAL) Carter Myers Dean, Class of 1986; 2nd Lt. William Hunter Mixon, Jr., Class of 1983; Lt. Charles H. Pilkington and Lt. Fredrick M. Rader III, both of the Class of 1964.

Stephen Mixon and Dr. S. Wynn Dean III, both brothers of an honoree, spoke at the ceremony along with U.S. Rep. John Duncan Jr., R-Tenn., and Tennessee Rep. Tim Burchett R-Knoxville.

The Bearden High School Foundation was pleased to support the fundraising effort for this project. Funds were donated by family and friends of honorees, the Bearden Retired Active Teachers group, Bearden NJROTC, and local veterans.

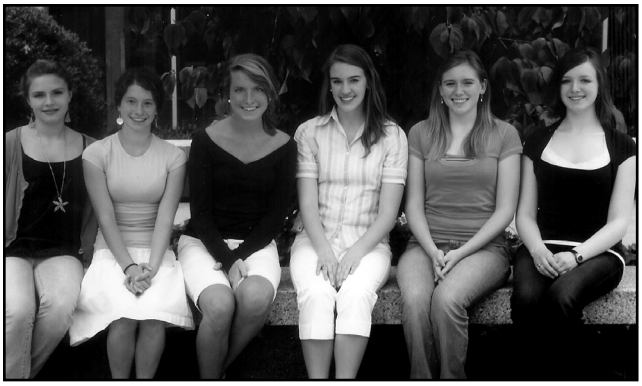
The memorial serves as a special tribute to Bearden High School graduates who died while serving in the military.

HUGH O'BRIAN YOUTH LEADERSHIP SEMINAR

Bryna Oleshanksy and Kelsey Greer

Congratulations to Kelsey Greer and Bryna Oleshansky who were selected to represent Bearden High School at the Hugh O'Brian Youth Leadership Seminar at the Lipscomb University in Nashville, Tennessee. The mission of HOBY is to seek out, recognize, and develop leadership potential of high school sophomores. HOBY motivates and develops tomorrow's leaders by preparing them for positions in their schools and helping them to expand the talents that will serve them and their communities in the future. During this intensive weekend, Kelsey and Bryna will be introduced to distinguished leaders of the community from various sectors such as business, technology, education, government, and the arts and sciences. Through intense but formal discussions, HOBY participants get a realistic look at their nation, its people, and their own role in the world community. The Bearden High School Foundation proudly congratulates and recognizes Kelsey and Bryna on their selection as outstanding sophomores by funding their registration fees.

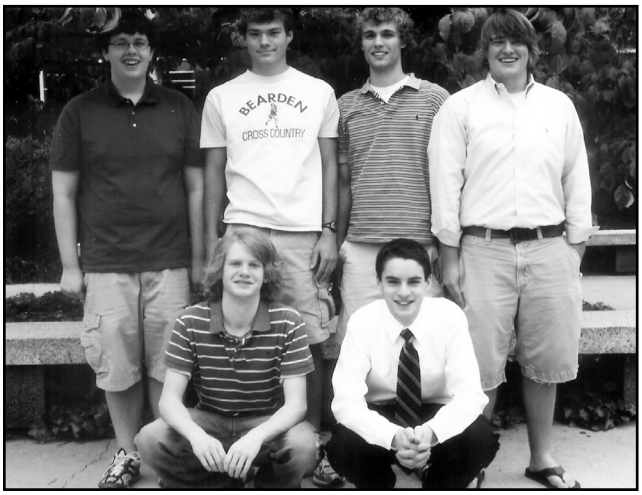
GIRLS AND BOYS STATE



Left to right: Anne Rochelle, Rith Hahn, Abbie Thumler, Kayla Fields, Madison White and Sarah Adams

The Bearden High School Foundation supports Girls State and Boys State, which is sponsored by the American Legion and the American Legion Auxiliary, respectively. These juniors are selected by the faculty to represent BHS. The Foundation is proud to support these ten students by funding the majority of their registration fees.

Girls State is a hands-on experience of the practical applications of Americanism and good citizenship. The program is a non-partisan attempt to teach and instill in young Tennessee women a love in God and country. Girls State is a strenuous program that requires a delegate to be energetic, to be in good health, to have a positive attitude, to be able to adjust to unfamiliar situations, and to be willing to accept the challenge of new experiences. Girls State is held at Middle Tennessee State University in Murfeesboro, Tennessee, during the last week of May. The faculty selected the following girls as the Girls State delegates: SARAH ADAMS, KAYLA FIELDS, RUTH HAHN, ANNIE ROCHELLE, ABBIE THUMLER, and MADISON WHITE.



Front row: Tyler Thurston, Adam Ewing
Back Row: B.T. Peake, Silas Harvess, Alex Varlan, Matt Michalowski

Boys State is a practical experience for young men to view the actual problems of government as it operates in Tennessee. Participants will be assigned to mythical cities for the week. Approximately fifty young men will comprise a city, three cities make up a country, four countries make the "Mythical 51st State." The goal of this program is to impress on future generations the responsibilities of citizenship, to develop leadership, and to bring young men to a full realization of the duties of American citizens. Boys State is held at Tennessee Tech University in Cookeville, Tennessee, the last week of May. The faculty selected the following young men as Boys State delegates: ADAM EMIG, SILAS HARNESS, MATT MICHALOWSKI, B.T. PEAKE, TYLER THURSTON, and ALEX VARLAN.

THOMAS CALDWELL
RECEIVES FOUNDATION ACHIEVER SCHOLARSHIP

Tommy Caldwell at graduation with his teacher, Vickie Lintz.

"*I'm proud to be a Bulldog.*" That was the immediate reaction and comment from Foundation Board president, Buddy Heins, when he read the story of Thomas Caldwell, a 2008 recipient of the Foundation's Achiever Scholarship. The award is made to BHS students who have demonstrated outstanding courage and effort to meet and overcome mental or physical disabilities. Thomas was one of two very deserving recipients of the award this year – the other was Maddie Cave.

Tommy lives with Asperger's Disorder, a form of Autism. With the support of Vickie Lintz, the Asperger's teacher at BHS, and many other teachers and students, Tommy graduated this Spring earning a regular diploma and will be attending Lincoln Memorial University in Harrogate, Tennessee, in the Fall.

Foundation Board member Marguerite Graham helped facilitate the scholarship awards for the Foundation. After the scholarship recipients were named, she contacted each of them and asked for a little more information and background regarding their application. Tommy gave the following response in an email:

"My teacher suggested that I apply for the scholarship. I wrote the essay and didn't really think about it again until they called my name. I was very, very surprised. My friend shoved me to go up on the stage because I was still sitting and wondering if they really meant to give it to me. I was nervous walking on the stage, but happy and proud at the same time. I think maybe it was just luck that it was me instead of another student. I know my behavior has improved a lot since I was little. I have friends and my teachers sort of like me now. I feel like this is a really great way to start my future. I'm really thankful to the people who liked my essay. I'm looking forward to college."

- Tommy Caldwell

When asked for her perspective, Tommy's mother, Cathy McCaughan, added:

"When Tommy was four, doctors told me he would never read. When Tommy was 9, doctors told me to put him in a group home. When he was 14, I was told he would be in school until he was 21 and would be earning a special ed diploma. When he started out at Bearden High School, he walked the halls with his eyes glued to the floor. He had to touch every single locker as he walked past them. Tommy's senior year, he didn't just make eye contact with other students, he talked to his peers. On the weekends, he and his friends got together to do things like, well, like a normal teenager. Every time I saw another student at Bearden and Tommy talking, I cried. Tears of joy and happiness at the progress Tommy has made and the potential he has for the future. Tears of gratitude to the students who saw beyond the things that make Tommy different to the things that I see in him, a smart, funny, caring young man. We were told that high school would be too hard on Tommy. Bearden High School was exactly what Tommy needed. He graduated with a regular diploma at the age of 17 and will be going to college in the fall. Thank you for believing in Tommy."

- Cathy McCaughan

The Bearden High Foundation is privileged to be a small part of Tommy's story. Each of the Board members joins Buddy Heins, all alumni, and all of the students and faculty at the school in saying, "*I'm proud to be a Bulldog.*"

2008 Foundation Scholarships Awarded

Recipients of the Bearden High School Foundation annual scholarships were recognized at the annual Senior Awards Ceremony on May 9. Beginning this year, the Foundation established five categories for its scholarships:

1. **Dr. Mary Lou Kanipe Scholarship** – recognizing achievements in academics, leadership and responsibility. (Principal July 1996 – December 2003)
2. **Becky Ramsey Volunteerism Scholarship** – awarded to a student who has sacrificed personal time and energy for the school, other individuals and the community.
3. **Creative Arts Scholarship** – given to an outstanding student who is pursuing a career in theatre, music, or visual arts.
4. **Achiever Scholarship** – recognizing courageous, hard working students who have overcome a physical and/or mental disability in graduating from Bearden High School.
5. **Technical Studies Scholarship** – awarded to an outstanding graduate who will be pursuing an education in a technical/vocational field.

This year, the **Dr. Mary Lou Kanipe Scholarship** was awarded to **Ben Shires** who will be attending the University of Tennessee at Knoxville. The **Becky Ramsey Volunteerism Scholarship** was presented to **Travis Haston**, who plans to attend Middle Tennessee State University. The recipient of the **Creative Arts Scholarship** was **Inhye Kim**, who will be attending St. Johns University in Queens, New York. Two **Achiever Scholarships** were awarded, one to **Maddie Cave** who has enrolled at Barry University in Miami, Florida and **Thomas Caldwell** who plans to attend Lincoln Memorial University in Harrogate, Tennessee. Congratulations to each of these most deserving recipients!

The Foundation made some changes this year in its scholarship program. The first change was to establish the five listed categories for the awards. The amount of each scholarship was set at $500. The award decisions are made by a diverse group of faculty and administration representatives. In the past, scholarship recipients have been nominated by faculty. The new system adopted by the Foundation starts with the submission of applications by interested students.

The Foundation's Grant Committee, chaired by Board member Pam Shirley, lead the process of implementing these changes. When asked about that process, Mrs. Shirley said, "We spent a lot of time discussing scholarships and where they fit in our overall strategy of supporting the school. We definitely want to recognize, reward and honor students who have really excelled. At the same time, we recognize that the primary purpose of the Foundation is to broadly support all faculty, students and programs at the school, and not just a few individuals. So, there is a balancing of some differing interests that we tried to achieve. We really like the idea of students applying for the scholarships – that way, we know the awards are going to students who have a real interest in them."

Dr. James P. McIntyre

Knox County Schools Superintendent

Knox County School superintendent visits with B.H.S. Foundation Board President, Buddy Heins

Dr. James P. McIntyre recently began his term as Knox County School superintendent after relocating his family from Boston. Dr. McIntyre has two boys, a first and third grader at Blue Grass Elementary School. His children will attend West Valley and eventually Bearden High School.

Dr. McIntyre is working to get to know the system as well as the faculty and staff at each school. With approximately 90 schools and thousands of employees, this seems like a daunting task. Dr. McIntyre will be a little different in that he wants to see education where it happens – in the class room. Expect to see him around. Expect to see him at the schools. He plans on being hands-on from day one.

After a month or so on the job, Dr. McIntyre has been very pleased with the current status of the Knox County School system. He would like to build on the current success of the school system. He would like to see that administrators, teachers and students are fully engaged. He wants to promote community and parent participation in all aspects of the educational process.

Dr. McIntyre really sees Bearden as a school with great potential. He feels like the new leadership at the school has a great opportunity and all the tools to take Bearden to the next level.

MEET THE NEW PRINCIPAL

Recently, a couple of BHS Foundation Board members had the opportunity to sit down with Bearden High School's new principal, Dr. John Bartlett. Although school was still a few weeks from starting, Dr. Bartlett was already hard at work at the school, immersing himself in learning about the staff, policies, and students. "One of the first things I want to do is build trust and set the tone and vision for Bearden High School," he said.

Dr. Bartlett and his wife Tonya have two children, twelve year old Caleb and eight year old Kenzie. Although raised primarily in North Carolina, he came to Tennessee to attend Tennessee Temple University and then went on to receive his masters and Ed.S. from Tennessee Tech University. "I'm also a huge Vols fan," he said. He served in the Marine Corp Reserves and recently received his doctorate in Educational Leadership from Liberty University.

Bartlett taught school, coached baseball, and assisted with football in Bledsoe County before being named principal of Loudon High School in 2004. While at Loudon High School, he implemented a Freshman Academy which creates small learning communities somewhat like the team concept used in middle schools to help ease the transition from middle school to high school. He also established Senior Projects and implemented the Tennessee Diploma project. "A High School diploma should mean more," he said, "Students need to leave high school with skill sets that prepare them for a fluid, changing world."

Bartlett is passionate about students. "I'm kid focused, kid centered," he said, "my goal is to do what's best for the students." He plans to establish a five year plan that will take Bearden from a great school to an even better one. While that plan is still being developed, he knows that it will include growing the AP program and stretching each student to their own potential. "I wasn't the best student," he said, "but I had teachers who believed in me and pushed me to achieve." His philosophy on staff is to hire the best people and then get out of their way. "I am not a micro manager," he said.

"I'd like to clean up the sticks and bricks," he said, referring to the building and grounds. He is hoping the Foundation can help with funds for things like a new sign on Gallaher View Road and other needs he's noticed. "We did not have a Foundation at Loudon High School and I think a Foundation is a great thing," he said. He's also excited that Bearden has a reputation for having a lot of parent involvement.

Students will have ample opportunity to get to know Dr. Bartlett. "I'm big on being in the classrooms," he said. At Loudon High School he tried to spend about 60% of his day in the classrooms. "Good teaching creates good learning," he said, "My philosophy is to be the best. I will strive to see that Bearden High School students become the best they can be."
