Revised February 2007

President's Message..

By: Ed Jessup

BHS Foundation President 2007-2008

Another season of growth is upon us as the 'Dawgs' enter into the 2007 – 2008 school year with much anticipation! The start of a new year means it's time for our kids to break their summer routines.....sleeping until lunchtime, abusing phone privileges, driving aimlessly around Knoxville – just a few examples of the conversations around my house this summer!

At BHS this fall, we have rising seniors who are ready for the challenge of carrying the torch. We also have rising freshman who are excited about transitioning to high school, yet these students are probably not thrilled about surrendering their middle school seniority and starting their uphill climb of the high school ladder. Regardless, the upcoming school year brings new educational and artistic challenges, along with a fresh start to sports, the site of familiar faces (and hopefully some new ones), and the opportunity for change – whether it be to shine in the area of academics, athletics, or arts.

As parents, we all desire the best educational and social experience for our children. Yet, what are we doing to ensure our kids' experience is one of excellence? This desire requires financial resources beyond that which our tax dollars can provide. It's all too familiar to each of us – we pay taxes each time we fuel up our SUVs at the gas station, each time we buy new school clothes or supplies, and each time we grab a bite to eat at a local eatery. I fully support the need for taxes and their purpose of funding various government programs and services. Yet, I want to remind you that quality education is not cheap, and tax dollars are not fully capable of providing for the educational needs of our children.

Frequently, when the Foundation seeks financial support from our local community, we often hear – “Doesn't the County pay for that equipment? I thought our tax dollars helped fund that new software. Doesn't the State cover the cost of providing that computer or security system?” The answer – simply, with 12 high schools in Knox County, we cannot depend on tax dollars to provide for all of our school's needs.

So, what purpose does the BHS Foundation serve? This organization exists to pursue the school's gaps and fulfill its needs. As we embark upon the new school year, I would like to ask for your consideration of giving to BHS. Over the coming weeks, you will learn more about our annual Phone-a-thon. I encourage you to support this fundraiser with monetary donations. However, I also want to encourage you to make contributions throughout the year to assist with enhancements and help our school remain on the leading edge. My hope is that you will join alongside the Foundation and the School Administration to make BHS a great educational experience for its students – our children!

Many Alumni Still Involved at BHS

Did you know that many previous Bearden High School students are still actively involved on campus today? For example, the sign at the Kingston Pike entrance of the school was the 1978 graduate's class project and is still maintained by that class today. Reunions are a great time to find out how your class can take on a project or support school efforts.

For information about our reunion planning tools, contact the foundation through the website: www.bhsfoundation.org.

Former Girls State Participant Reflects on Experience

Whenever I am asked about Girls State, I find it very difficult to explain. As a delegate after my junior year of high school and a Junior Counselor both after my senior year of high school and, soon, after my freshman year of college, it seems even time and more experience at Girls State cannot help me define exactly what it is and what it truly means to me. It is a "mock government" for a week, it is true; but it is also a place where girls from entirely different backgrounds academically and socially come together to form something that is astronomically greater than any of its individual parts — a place where elections are won and lost, where walls we often build around ourselves are torn down in order to allow someone to change us for the better.

During my delegate year, a former delegate and counselor named Amy Piper gave the opening speech. Her speech was honestly one of the most riveting I have ever heard and she said one thing that I will never forget: "Surround yourselves with those who are smarter than you, funnier than you, and kinder than you, so that you may aspire to be like them." I think that describes Girls State the best — it is more than an imaginary government; it is, in fact, a state of mind that still calls me, and so many other young women, to be the person that we all know we have the potential, the determination, and the strength to become.

BHS Dance Studio Ribbon-Cutting Ceremony and Reception

A Ribbon-Cutting Ceremony and reception was held on March 5th at Bearden High School to commemorate the completion and opening of the new Bearden High School Dance Studio. The "dream" of a studio began with a vision by BHS Dance Team Sponsor, Christi Lechner, approximately 10 years ago. After much planning, fundraising, and construction the room recently became a reality. Special thanks went to Bearden High School Administrators; Ms. Barbara Jenkins, Principal-2006 and Mr. Lynn Hill, Athletic Director and Interim Principal 2007. Much appreciation also went to the following major financial contributors; BHS Foundation, Buddy's Bar-B-Q, Reed & Suzanne Lindsey, Vulcan Materials, Co., Bank of America, Bobby & B.K. Reynolds, and Landmark Corporation. The team was also grateful to Bill Hoy & Jeff Fields who worked overtime on the design and construction of the room. The dance team girls and their families contributed through fundraising efforts, financial donations, and construction on the room. The BHS Dance Team practices approximately 400 hours a year and dances at home football and basketball games. The team also competes at the State and National level. The 2006-2007 BHS Dance Team members were: Alyse Reynolds, Captain, Cassie Gale and Kathryn Guion, Co-captains, Allyson Hall, Kristen Lindsey, Caitlen Hoy, Michelle Shirley, Kayla Fields, Nancy Jang, Lexie Scocos and Melody Marnon.

Bearden High School Upgrades Campus Security

After taking an in-depth look at the surveillance and security network currently installed at BHS, the administration with the help of outside consultants, came to the conclusion that our campus was greatly in need of updating to accommodate the growing student population and increased campus activities. The BHS Foundation and PTSO both awarded matching grants to begin the project. In early 2007, a letter went out to the families of students to ask for private donations to help complete the first phase of this project. Funds are still being sought to bring the school's security to a level which ensures the safety of our students. The faculty, BHS Foundation, and the PTSO would like to thank the following companies and individuals who contributed specifically to this on-going project:

Congratulations to Madison White and Jenny Dabbs who were selected to represent Bearden High School at the Hugh O'Brian Youth Leadership Seminar at Lipscomb University in Nashville, Tennessee. The mission of HOBY is to seek out, recognize, and develop leadership potential of high school sophomores. HOBY motivates and develops tomorrow's leaders by preparing them for positions in their schools and helping them to expand the talents that will serve them and their communities in the future. During this intensive weekend, Madison and Jenny will be introduced to distinguished leaders of the community from various sectors such as business, technology, education, government, and the arts and sciences. Through intense but informal discussions, HOBY participants get a realistic look at their nation, its people, and their own role in the world community. The BHS Foundation proudly congratulates and recognizes Madison and Jenny on their selection as outstanding sophomores by funding their registration fees.

BHS Foundation Shows Appreciation to BHS Staff

On Monday, April 9th, the Bearden High School Foundation hosted a breakfast for the faculty and staff in appreciation for all their hard work. On this in-service day, approximately 100 faculty and staff joined together in the cafeteria to enjoy a wonderful breakfast consisting of homemade breakfast casseroles, muffins, bagels, donuts, assorted fruit, and drinks. The breakfast took place prior to their meetings. Several door prizes were also awarded. Thanks again to our wonderful faculty and staff for helping to make Bearden High School a school of excellence.

The Bearden High School Foundation Supports Boys and Girls State

Boys State, left to right: Ben Peterson, Jonathan Ellis, Matt Jones, Eric Bassett and Ben Rahnema.

Girls State, left to right: Rachel Mueller, Kelley Callaway, Caroline Hadley, Brandee Kent, Ashley Parrott and Courtney Fizzano.

The Bearden High School Foundation supports Girls State and Boys State each year. This program is sponsored by the American Legion and the American Legion Auxiliary, respectively. Each year participants are selected from the junior class by the faculty to represent BHS. The Foundation was proud to support this year's eleven participants by funding their registration fees of \$ 250 per student.

Bearden High School has sent a third generation member to the American Legion Girls State this summer. Brandee Kent's mother, Gina Kent, was a Virginia delegate in 1976. Her grandmother, Geraldine Owens, was a Virginia delegate in 1948. Pictured at left is Brandee Kent on left with her mom, Gina Kent on the right.

2007 Girls State

Girls State is a hands-on experience of the practical applications of Americanism and good citizenship. The program is a non-partisan attempt to teach and instill in young Tennessee women a love of God and country. Girls State is a strenuous program that requires a delegate to be energetic, be in good health, have a positive attitude, be able to adjust to unfamiliar situations, and be willing to accept the challenge of new experiences. Girls State is held at Middle Tennessee State University in Murfreesboro during the last week of May. This year the faculty selected the following girls as the Girls State delegates: **Caroline Hadley, Kelley Callaway, Ashley Parrott, Rachel Mueller, and Brandee Kent.**

2007 Boys State

Boys State is a practical experience for young men to view the actual problems of government as it operates in Tennessee. Participants are assigned to mythical cities for the week. Approximately fifty young men will comprise a city, three cities make up a county, and four counties make the "Mythical 51st State." The goal of this program is to impress on future generations the responsibilities of citizenship, to develop leadership, and bring young men to a full realization of the duties of American citizens. Boys State is held at Tennessee Tech University in Cookeville the last week of May. This year the faculty selected the following young men as Boys States delegates: **Eric Bassett, Jonathan Ellis, Matt Jones, Ben Peterson, and Ben Rahnema.**

Foundation Beginnings

The Bearden High School Foundation was established in the summer of 1997 for the purpose of securing funds to provide the best in educational facilities and opportunities for students at Bearden High School.

Why a Foundation?

With the current funding situation in Knox County, the money to meet the many needs at all schools in Knox County is simply not there. We must look for additional funds to improve and maintain educational opportunities at Bearden High School. The Foundation focuses on three primary areas: 1) Scholarships, grants, awards and special programs; 2) Facility improvements; 3) Technology improvements.

How You Can Help:

The Bearden High School Foundation is chartered as a non-profit corporation in Tennessee and has tax-exempt status from the Internal Revenue Service under Code Section 501 (c) (3). **All contributions made to the Bearden High School Foundation are tax deductible within the IRS guidelines.**

Bearden High School Foundation Donors

Donations received 07-01-06 through 06-30-07

The BHS Foundation exists solely for the benefit of Bearden High School students and depends entirely upon contributions to fund the many programs, facility improvements, scholarships, class room supplies, technology improvements and more. Without your support this could not be accomplished. Thank you to each of you for your generous financial support! Many of you have given more than once, but space allows us to list each name only one time. Those giving **In Memory** or **In Honor** appear following the general list:
